

We need your support: Call for Donations

The psychosocial center for refugees Düsseldorf e.V. (PSZ) is an important contact point for psychologically strained refugees in Düsseldorf and the whole area of NRW. Our specialised offers for everyone who works with refugees, e.g. our phone consulting or our advanced trainings, are irreplaceable.

The main part of our financing consists of limited project resources which are granted under the condition that the PSZ also contributes an own share. In order to meet this requirement we need to collect donations. Our donations decreased massively after 2017. There is also not enough public money for us to spend flexibly. In addition to that, most of the time we have to make payments in advance because the money that is granted to us is often received much later.

At the same time, the realities and critical situations of our clients get aggravated because of the restrictive political situation. Our clients are even more in need of our work and support.

This is why we ask you to make a donation – any small or big contribution helps us to hold up our psychosocial work for and with refugees in high quality.

Your donation to us as a non-profit organisation is tax-deductible.
